Subject: Summary of Sites Evaluated for the Wrangell Monofill

Hello everyone,

Attached please find an updated summary of the fifteen sites we have looked at to date for the monofill. Staff at DNR-Division of Mining Land and Water, Division of Forestry and the Mental Health Land Trust have reviewed this document as well. The summary includes the parcels we inspected on January 23. Thanks to Chris and Kim for joining us on the inspections and to everyone for making time to meet with us and discuss this project.

Please let me know if you have any questions.

Sally
